

Using e-Instruction Clickers-Verbal Questions

This handout is intended to be a “Quick Start” guide to using the e-Instruction Clickers. More detailed information and an on-line tutorial is available at: <http://www.einstruction.com/Training/index.cfm>
Before beginning, it is assumed that you have installed the software on your computer and set-up a class.

Verbal Questions: used to poll a class, check for understanding, ask questions “on the fly”

on your desktop, or you will need to open the program from the APPLICATIONS→CPS

2. When the CPS Program opens, Click on the Lessons Tab

and then Click the **Verbal Questions Button.**

3. A prompt window will open where you must provide the following:

- A. Session title
- B. Session category
- C. Select a class (if you have not created a class, you can click the create button at this time).

Click on **OK** when you have made your choices.

4. The “Engage Bar” will appear at the top of your screen. You will pose the question to the class and then click the button marked “Verbal” selecting the number of possible responses you would like (True/False, Yes/No, Multiple Choice A-B, etc)

5. A listing of all the “clickers” will appear

across the top of the screen with the number “lighting” up when the

student responds. Once everyone has responded—or at the appropriate time, you click the END button near the top left side of the “clicker grid.”

Start	End	±	1:00	>	Grid				Verbal Question Only - Verbal Question	0					
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32

6. Once you click End, a Chart will appear with the answer responses. If you want to define the correct answer, you may do so at this time in the lower right corner next to “Correct Answer”

7. You can close this graph using the “Close button” in the lower right corner and proceed with your lesson (or the next question.
